## Rules for Article Use

1. You must leave the byline intact (**by Keith Pascal**). This is important, and removal is not an option.
2. There is a **resource box** at the end of each article. **You must leave it, as well.** In most cases, there will be an affiliate option. Get your free link, and then **receive up to 50%** of each sale through your link. (Details below.)
3. NO SPAMMING ALLOWED! Period. You may not send this article unsolicited or in any manner that constitutes spam, by general or specific definition. Really -- don't do to others what you wouldn't want *emailed* to you ... without your permission.
4. There will be a few articles without the affiliate link option. This is usually for a sign-up rather than a product. For these articles, I'll conduct a drawing ... for one of my products or e-products. This way, you have a chance to win without even selling something.

## Affiliate Links

Below the article, you'll find a resource box with a link to one of my e-products. If you aren't interested in the affiliate program, then leave the link as is. (You may also embed the link to show a key phrase, instead of leaving html code. (Example End The Fight with One Hit, instead of <http://www. ....>)

The accompanying article allows a clickbank.com affiliate link. Obtain the proper hoplink or sign up for a free, nickname with the link below the resource box (after ### End of Article ###).

Important: If for some reason you can't use clickbank, let me know which affiliate program you do use. Maybe an arrangement can be made. Maybe. I'll certainly try.

May your readers enjoy the article,

Keith Pascal
